ACH Direct Deposit Authorization Form

offers payment of royalties by Automated Clearing House (ACH) direct deposit into your bank account. With direct deposit, you will receive your royalties quickly, without the possibility of lost, delayed, or expired checks. At the end of each month that you are due a royalty payment, we will initiate an ACH deposit to your account, and the funds will generally show up in your account within business day.

To enroll, fill out the form below. Please allow approximately 2 to 3 weeks for processing, after which you will begin to receive royalty payments by direct deposit. Note that any incorrect information provided may delay this timeline. You can also use this form to request to change or cancel your election.
